WAGYU X

ECHOING TRADITION,  
DEFINING EXCELLENCE \_

A LEGACY  
OF PRECISION & CARE,  
ECHOED IN EVERY CUT.

At EKO, we unite legendary Japanese genetics with Australia's world-leading expertise to create something truly extraordinary. Our cattle are carefully selected through a complex breeding program in collaboration with our trusted farming partners. These are the finest of herds, raised in nutrient-rich, lush pastures that

nurture the first steps of their journey. But that's only the beginning. For over 350 days they are meticulously nurtured on a proprietary grain feed. This is where precision meets purpose - where flavour is built, marbling perfected, and every cut transformed into something remarkable.

# WE DON'T JUST ECHO TRADITION\_ WE AMPLIFY IT.

EKO Wagyu X is a celebration of Japanese genetic mastery fused with bold Australian know how and innovation. Together, they create something daring, something unexpected, something that pushes the limits of perfection.

It's not just Wagyu – it's a living expression of passion, crafted through precision and the unstoppable drive for excellence. With EKO, every cut speaks. Every bite resonates. This is more than beef – it's a moment you'll never forget.

- \_ F1-F3 CERTIFIED WAGYU CROSS
- \_ GRAIN-FED FOR 350+ DAYS
- \_ MSA GRADED
- \_ AUS-MEAT MARBLE SCORED
- \_ NO ADDED HORMONES
- \_ HALAL CERTIFIED

# EXPERIENCE WAGYU \_ REDEFINED.

EKO Wagyu X is carefully crafted with the intention to deliver the finest marbling imaginable, intricately woven throughout each cut. Bright white fine veins, evenly distributed, promise rich, buttery juiciness in every mouthful. It doesn't just elevate dishes - it transforms them into an unforgettable experience. This is the result of 350+ days of precision feeding, dedication, and expert care.

EKO Wagyu X is more than an ingredient; it's a statement of quality. You can trust it to deliver an unparalleled cooking experience, and diners recognise they're being served something truly outstanding.

This is Wagyu redefined. This is EKO.

FROM PRISTINE AUSTRALIAN  
LANDSCAPES, OUR CATTLE  
THRIVE IN LOW-STRESS  
ENVIRONMENTS WHERE THEIR  
WELL-BEING IS OUR TOP PRIORITY.

WE NEVER USE HORMONE  
GROWTH PROMOTANTS – EVER.  
INSTEAD, WE FOCUS ON CARE,  
ENSURING EACH ANIMAL IS  
HEALTHY, STRESS-FREE,  
AND THRIVING.
